400 China Basin Condominiums

Rules and Regulations

(May 2025)

INTRODUCTION

The rules and regulations adopted herein ("Rules and Regulations") are intended as a guide to the conduct and activities of all Members of the Association and their tenants, residents, and guests ("Permittees"). Each Owner or resident living within the building and using the facilities is entitled to maximum enjoyment of the premises without annoyance or interference from others, and without annoying or interfering with the rights of others. Except as otherwise defined in these Rules and Regulations or as the context otherwise requires, capitalized terms used herein have the same meanings given them in the 400 China Basin Condominiums Declaration of Restrictions (CC&Rs) ("Declaration").

CHANGES IN RULES AND REGULATIONS

The Board of Directors may, in accordance with the Bylaws, alter, amend, revoke or add to these Rules and Regulations for the preservation of safety and order within the community, for its care and cleanliness, and for the protection of its reputation. When notice of any such alteration, amendment, revocation or addition is given to any Owner or resident, it shall have the same force and effect as if originally made a part of the Rules and Regulations. Where approval or permission of the Board is required herein, such approval shall be in writing and formally approved by a majority vote of the Board. Unit Owners, including absentee Unit Owners, are responsible for ensuring that tenants and guests abide by the Rules and Regulations.

In the event of any contradiction between any of these Rules and Regulations and any provisions of the Declaration, Articles or Bylaws, the conflicting rule or regulation shall be superseded by the provisions of the Declaration, Articles, and the Bylaws.

VIOLATION OF RULES AND REGULATIONS

Indications of or actual violations will be brought to the attention of the responsible Owner (and tenant, if any) in writing by the property management company following the policies established by the Board. Failure of an Owner or his or her tenant to correct a violation could result in the Owner being subject to a fine or special assessment. Further failure to correct the violation may cause legal action to be taken by the Association. All expenses incurred by the Association to address and resolve a violation will be the responsibility of the Unit Owner responsible for the violation. Unit Owners are responsible for all violations caused by their tenants, guests, pets, and other household occupants.

USE RESTRICTIONS

1. All Units shall be used for residential purposes only in conformance with the restrictions in the Declaration.

2. No trade or business shall be conducted in the condominiums other than for the purpose of operating a small home-based business if allowed by Applicable Laws and the Declaration.

3. All such business uses, if allowed by Applicable Laws and the Declaration, shall provide evidence to the Association of a valid business license issued by the local jurisdiction.

RENTAL RESTRICTIONS

Refer to the Declaration of Restrictions (CC&R's) regarding restrictions on renting of Units.

PETS

1. Except as otherwise restricted below and in the Declaration, each Unit is permitted two (2) dogs or cats (maximum of two pets, excluding fish and domestic birds) provided such animals are not kept, bred or raised for commercial purposes. Fish in an aquarium (30 gallons maximum in Units above the 1[61] floor) are permitted as long *as* such animals are kept in the interior of the Unit, and they do not create a nuisance. Board permission is required to keep any other type of pet. No pet shall be allowed on the premises that the Board determines to be a threat to the safety, welfare, quiet comfort or enjoyment of other residents. If the Board determines that a pet is a nuisance, annoyance or threat, the Board may require the pet to be removed from the premises or may impose such other mitigation requirements on the Owner to eliminate the nuisance, annoyance or threat.

2. Owners are required to inform the Association of the type and breed of each pet upon commencement of occupancy or within 10 days of move-in or acquisition of a new pet. The Association may request the Owner to provide proof of, vaccinations. All cats and dogs must be spayed or neutered. **Pets are not allowed unless the applicable Pet Registration Forms have been completed.**

3. Pet owners agree to comply with:

    a. The California State Health and Safety Code

b. All other Applicable Laws and regulations, such as but not limited to licensing, vaccinations, leashing, sanitation, etc.

4. All dogs and cats must be restrained on a leash at all times in Common Areas and under no circumstances are they to be allowed to run free. Any pet found off-leash in the Common Area may be removed to a pound or animal shelter by calling the appropriate authorities. The Board, as well as every resident in the project, has the right to take such action.

5. No pets are allowed in any of the Common Areas at any time except for the Dog Washing Station. The Common Area spaces include the Business Center, club room, bike room, yoga/kids room, and roof deck.

6. If a person already in an elevator should object to the entry of an animal into the elevator, the animal and its handler/owner must wait for another elevator or take the stairs.

7. In no event shall any Owner authorize, bring or keep within the Development (a) any pit bull, rottweiler, Doberman pinscher, mastiff, Canario Presa (e.g., bull mastiff), or any other dog breed known as a "fighting breed" or mix thereof; or (b) any snakes, pigs, large lizards, spiders, rats or vermin.

8. The Common Areas (including, but not limited to, hallways, stairwells, elevators, patios, garage, sidewalks, and/or landscaping beds) shall not be used for relieving of pets' bodily functions. Any accidental defecation must immediately be removed and disposed of by the pet's owner. The cost of cleaning and deodorizing Common Areas due to pet "accidents" is the pet owner's obligation.

9. Under no circumstances shall Owners allow their pets to relieve themselves in any Common Area, including, but not limited to, any part of the second-floor deck and roof deck.

10. Damages to the Common Areas by pets shall be billed to the Unit Owner at the current replacement and/or repair cost, plus administrative expenses.

11. Pet owners are responsible for controlling the noise of their pets.

12. Pet owners are responsible for any personal injury or property damage caused by their pets.

13. Pets shall not be left unattended in any of the Common Areas, or on patios of a Unit.

14. Residents shall not allow any visitor to bring a pet into the building. This rule does not apply to any animal used by a tenant or visitor that is needed as a reasonable accommodation for the tenant or visitor's disability [24 CFR Part 5 HUD regulations].

15. Exemption for Persons with Disabilities. Pursuant to State law [HUD ref 4350.30, 4-14 (b)], service animals that assist persons with disabilities are considered to be auxiliary aids and are exempt from the pet rules #4 through #13 noted herein, and from any refundable pet deposit. Examples include guide dogs for persons with vision impairments, hearing dogs for persons with hearing impairments, and emotional assistance animals for persons with chronic mental illness.

16. Stray Animals and Wild Birds. The feeding of stray animals and wild birds is strictly prohibited as they pose a health hazard and are a nuisance to the other Owners.

DOORS, GATES AND SECURITY

1. All Common Area building entry doors, stair doors, and/or garage gates must remain locked at all times. This precaution must be taken in order to safeguard the private property of the Association and the residents.

2. Certain doors, such as Unit entry doors and stair doors, must remain closed at all times when not in use in order to prevent the spread of fire in such an emergency. In addition, elevator doors that are held open by magnetic devices must not be obstructed or propped open by other means. These doors must be free to close automatically in the event of any emergency. Propping doors open, or in any way interfering with the automatic locking mechanism of any door or gate when unattended, is prohibited. Any damage or loss resulting from such action shall be the financial responsibility of the person(s) performing such actions.

3. Damage caused to the garage gates and other doors shall be the financial responsibility of the person(s) causing the damage.

4. Sidewalks, entrances, passages, walkways and Common Areas must not be obstructed or used for any purpose other than entry to or exit from the premises.

5. It is the responsibility of each resident to keep their entrance walkway clean and free of debris.

6. Plants, planters, floor mats or other stand-alone items are not allowed in or around the entrance of individual Units.

SIGNAGE AND DECORATIONS

1. No signage or decorative items of any kind may be affixed or displayed on the Unit entry doors unless mandated to be permitted by Applicable Laws. All placards, signage or decorations adjacent to Unit entry doors must be approved by the Board prior to display. All placards or postings must be compliant with applicable Federal, State, and local laws, regulations and policies. Any damage to the Common Area finishes caused by the temporary mounting of such placards, signage or decorations, shall be repaired at the expense of the Owner.

2. No decorations, displays, or holiday lighting shall be affixed to the exterior of the building without the prior approval of the Board.

SMOKING

1. There is NO SMOKING allowed anywhere in the Common Area of the project, including but not limited to the elevators, hallways, stairwells, lobbies, meeting room, courtyards, roof deck, yoga room/kids play room, club room, garage, trash rooms, or other interior or exterior Common Areas including the area in front of the main lobby / garage entrances. There is also NO SMOKING allowed in Exclusive Use Common Areas such as patios and stoops. The Board is authorized to impose fines on Owners for violations of this restriction.

2. Smoking is permitted within the confines of individual Units, provided that smoke is prevented from migrating into the Common Area or other Units in the building and creating an annoyance to other residents. Smokers are encouraged to turn on bath and kitchen exhaust fans in order to keep smoke from spreading to adjacent Units and the Common Area.

AIR FILTERS

3. Units are equipped with MERV air filters to protect against air pollutants. MERV filters must be replaced regularly, at least every 6-12 months. Replacement and maintenance of the MERV filters is the responsibility of Owners. In clean air conditions, which are typical of San Francisco, replacement usually need only be performed every 12 months. However, after instances of unhealthy air quality (after a significant wildfire, for example), MERV filters should be inspected and replaced if necessary.

BUILDING ACCESS

1. The main entry and other building entry doors are key and fob controlled for security purposes. Do not loan your building access key or fob to vendors, delivery personnel or home service providers. There is a fee of $25 per key and or fob, $40 for garage remotes.

ELEVATORS

1. In case of an elevator malfunction, each elevator is equipped with a telephone that can be used to ring directly to the Elevator Emergency Service which is on-call 24-hours per day. Remain calm, press the phone button, and respond to the operators questions. This phone is for emergency use only.

2. Owners are responsible for protecting the elevators when transporting any materials, furniture, or pets. Wall pads are available from the management company.

STAIRWAYS

1. The stairways are intended for emergency exiting only. They are not designed for daily use or convenience. The stairways are locked from the inside – once you enter a stairwell you will need to exit at the ground floor.

2. Propping a stair door open is a fire hazard and is strictly prohibited.

DISTURBING NOISES AND NUISANCES

1. Residents are entitled to the quiet enjoyment of their homes. The close proximity of living areas and common walls dictates that common sense, good judgment and consideration should be used by residents and their guests at all times. Any activity that, by its nature, violates or has the potential to violate the right to quiet enjoyment by other residents shall be deemed a violation of these Rules and Regulations.

2. No speakers shall be affixed to any wall, ceiling, shelving or cabinet so as to cause vibrations discernible between the Units or within the Common Area. Speakers shall be elevated from the floor by proper acoustic platforms.

3. No person shall produce noise or vibrations of any kind at such levels as will be discernable and offensive to other Owners or residents.

4. No running, jumping, stomping, yelling, or loud conversation in the Common Area or creating any other noise or nuisance is allowed.

5. No non-motorized wheeled recreational vehicles shall be operated or stored in the Common Area hallways, lobbies, elevators, garage, or other Common Areas except as stated herein or as approved by the Board. For the purposes of this paragraph, wheeled recreational vehicles include but are not limited to bicycles, tricycles, wagons, scooters, skateboards, roller skates, in-line skates or similar devices. Such vehicles may only be stored within individual Units or in designated storage areas. When transporting such vehicles through the Common Area, they must be carried, to the extent practical, or rolled but not ridden. The owner/operator shall be responsible for any damage or personal injury caused by the transport of such vehicles through the Common Area.

6. Motorized vehicles such as motorcycles, go-carts and motorized scooters shall only be operated, transported or stored in designated garage areas as permitted by the Declaration or the Board.

7. No person(s) shall discharge into the building's sewer system or storm drain any toxic or noxious matter in such concentrations as to be detrimental to or endanger the public health, safety, welfare, violate any law, subject any Owner, resident or the Association to liability under state or federal law for clean-up, or cause injury or damage to neighboring property or businesses.

8. No odor shall be emitted from a Unit or into the Common Area in such quantity as to be readily detectable outside the boundaries of the Unit within which such odor was generated. This restriction applies, but is not limited to, smoking, cooking, and pet odors.

9. No air pollutants or contaminants sufficient to create a nuisance shall be discharged, and no processes which by their nature are likely to cause air pollution shall be undertaken or permitted unless there is available an adequate, economically feasible method of controlling the emission of contaminants, and such controls are approved by the Board.

MOVING IN & OUT

1. The initial occupancy of all Units will be overseen by a move-in coordinator at the property management company. At initial closing, new Owners will be provided with a one-time move-in policy that will govern each Owner's move-in and contain the move-in coordinator's contact information.

2. Move-ins/outs after the initial occupancy are only allowed between the hours of 9 a.m. and 8 p.m., Monday through Saturday. Moves and/or large deliveries are not allowed on Sundays or holidays, except during initial occupancy move-ins.

3. Commercial uses must move and take deliveries through the street front door, which can be scheduled any time between 9 a.m. and 8 p.m. provided there is adequate street parking available for the delivery vehicle. Commercial deliveries are subject to noise and nuisance restrictions and may be further controlled by the Board.

4. After initial move-ins, move-ins and move-outs are limited to three per day—one in the morning, one in the afternoon and one in the early evening. Times must be reserved to avoid conflict with other move-in activities. Schedule your move as early as possible with the property management company (or sales office) so that the appropriate date and time can be reserved for you. Unfortunately, we cannot always honor your request for specific dates and times.

5. A refundable deposit of $250.00 is required prior to move-in or out and/or delivery of large items. The deposit amount shall be set by the Board and is applicable to all damage, repair, losses or other liabilities incurred as a result of your move. You will also be responsible for the cost of any damage that may exceed the deposit amount. The move-in/out requirements and pre-scheduling with the property management company or Board representative will remain applicable even after the initial move-in of all Owners. The fee schedule is set by the Board.

6. Choose your moving company carefully. You are responsible and must reimburse the Association for damage to the Common Area incurred during your move. It is important that your moving company carries its own insurance for such damage and provides appropriate protection. Proof of insurance will be required by the Association.

7. When your furniture arrives, the property management company or designee will walk with you and a representative from your moving company from the building point of entry to your Unit and note any damage that might exist. When your move is completed, the walk through from point of entry to your Unit will be repeated and any damage noted at that time. The cost to repair this damage will be your responsibility. Packing materials and containers must not be disposed of in the garbage chutes. These materials should be flattened and left in the area designated by the property management company or move-in coordinator. Any Owner who jams the

trash chute by disregarding this regulation by will be subject to a fine to cover the cost of clearing the chute.

8. You will be required to sign the property manager's or move-in coordinator's move-in, move-out disclosure. That disclosure sets forth a move-in, move-out fee in an amount equal to fifty percent (50%) of your monthly Association assessment per move. The initial owner of each condominium will be required to pay this fee in escrow as part of each initial owner's closing costs. Subsequent move-in, move-out fees will be paid directly to the property management company.

MAIL & PACKAGE DELIVERIES

1. Mailboxes, the mailbox area, and the package room are to be kept free of litter, signage, markings, or overflow of mail.

2. Residents are responsible for the upkeep of their personal mailbox, including the lock and their keys.

3. Residents must notify the property management company immediately if there is a problem with access to or maintenance of their mailbox.

4. Deliveries of large items, such as furniture or appliances, must be coordinated through the property management company in order to schedule the elevator and place protective coverings in the elevator and appropriate Common Areas.

5. Liability of Association—the Association shall bear no responsibility for any articles delivered to or left with any employee of the Association or property management company. Further, the Association shall not be responsible for any article intended for delivery to a resident, delivered or left in any corridor or public place. No bailment is expressed or implied in such instances.

VENDORS TRADESMEN & SERVICE PROVIDERS

1. Residents desiring tradesmen, vendors or service providers to enter their Unit must be present during such visits. The property management company will not be responsible to let tradesmen or others into a Unit during the resident's absence.

2. Each Owner is responsible for obtaining insurance from its vendors, tradesmen and service providers as required.

VEHICLE AND PARKING VIOLATIONS

1. Parking is not guaranteed to residents. Only residents who are granted a parking license by the Association are allowed to park in the parking area. Other than the two accessible spaces, parking spaces in the parking area are not assigned and will be available on a first come, first served basis to licensed residents. The two accessible parking spaces may be assigned by the Association to residents authorized to use an accessible parking space pursuant to a separate parking license for accessible space.

2. Vehicles shall not be parked anywhere other than in designated parking spaces.

3. No recreational vehicles, motor homes, trailers, boats, or commercial trucks are permitted to park within the garage. Other oversized vehicles (e.g. vans, trucks) that do not fit within a single space within the garage shall not be allowed to park in the garage.

4. Vehicles with commercial signs or markings are subject to Board governance/control.

5. No inoperable or off-road vehicle shall be parked or stored in any parking area.

6. No unlicensed or uninsured motor vehicle shall be operated or parked within the Development.

7. All vehicles must have a current registration.

8. No noisy or smoky vehicle shall be operated within the Development.

9. No part of the Common Area shall be used for the repair, construction or reconstruction of any vehicle.

10. Bicycling, skateboarding, roller-skating, in-line skating or playing in the garage or garage entrance is prohibited.

11. Storage of items other than allowed vehicles in parking spaces is prohibited.

12. No vehicle repair/maintenance (other than emergency work) shall be permitted in the garage.

13. Any vehicle wrongfully parked or any vehicle that is parked in an

unauthorized location will be towed away at the violator's expense without notice.

14. No vehicle washing is permitted in the garage.

15. Residents are responsible for keeping their parking area clean and free of debris and oil or other fluid spills.

16. Vehicles in violation of these rules may be towed at owner's expense.

17. EV chargers are for the convenience and use of residents licensed to use the parking area only. Outside parties and non-parking license residents may not use the EV chargers. Also, please do not leave your car in an EV space for an extended time when non-EV spaces are available to allow others to use the EV chargers.

18. See the Parking Rules and Policy an EV Policy for additional rules and regulations for the parking garage.

BICYCLES

1. Bicycle racks are located in the bike room. All bicycles are stored at the owner's risk and should be appropriately secured with a lock provided by the owner.

2. Use of bicycle racks is on a first come basis. Bicycle parking is limited. Each Unit is limited to no more than 1 bicycle to be parked at the bike rack. There are not enough bike racks for every Unit.

GARBAGE AND REFUSE DISPOSAL

1. There is a trash/ recycling chute on each floor. All items placed in the trash chutes are required to be bagged in leak-proof containers, double-tied and to be 100% soft. This is required to protect hallway carpeting and to keep the chute and trash room clean. Open containers such as paper sacks, boxes, unsecured plastic bags and/or reusable garbage cans shall not be put down the trash chute. No bulky nor hard surfaced items are permitted in the chute as these dent and break the chutes – creating an environment where bacteria and mold can grow and be inhaled whenever trash chute doors are opened by Residents. Additionally, bulky and hard items can hit fire sprinklers and potentially create floods in common areas and floors.

2. The size of the trash chute openings dictates the maximum size of soft bag items which can fit the chute.

3. Trash chutes are labeled for the appropriate disposal (trash, recycling, or compost). Please strictly adhere to these labels and make every effort to separate trash, recycling and compost. The trash company will fine a building that does not adhere to required trash separation.

4. Volatile or flammable materials, glass, pottery, and heavy objects are not to be disposed of by placing them in the trash chutes. These will damage the equipment below. Please contact the property management company or maintenance staff for proper disposal of such items. There may be an additional charge for disposal of certain items.

5. Trash chutes shall be used only at reasonable hours of the day and night in consideration of Units located near them. They may be used between the hours of 8 a.m. and 10 p.m. daily.

6. No portion of the Common Area will be used as a dumping ground for rubbish, trash, garbage or other refuse.

7. No trash compactors are permitted to be installed within the residential Units as the compacted garbage can cause damage to trash equipment below.

8. When depositing trash in the chute, please make certain that all hands and fingers are away from the door before closing. Do not put your head, arms, hands, etc. in the chutes. If the trash chute is clogged, please notify the property management company or maintenance staff immediately and refrain from depositing more trash.

9. In the event of damage to bags in the disposal process, residents are responsible for cleaning up their own trash spilled on Common Areas and disposing of it properly. Owners may be charged for special cleaning services provided by the Association.

10. Oversized items should not be forced into the chute or left outside the trash room. No large items such furniture or mattresses, or chemicals such as paint, insecticides, and motor oils, or electronic equipment are to be placed in the trash chute or dumpsters. These items are the responsibility of the Owners to dispose of at an appropriate disposal or recycling facility. All items which cannot be placed in a bag, are hard surfaced or bulky must be disposed of by directly contacting the trash/recycling vendor.

11. Biohazardous waste is not to be discarded along with regular trash. Cal OSHA (CCR, Title 8 General Industry Safety Orders; and Subchapter 7 Group 16, Art. 109, #5193), categorizes certain wastes as biohazards and mandates special handling for disposal. If you have any trash that contains blood, body fluids, hypodermic needles, or any toxic chemicals, you must make arrangements to have this trash processed through a special vendor. A sharps container (for needles) may be ordered through your local pharmacy.

ARCHITECTURAL/EXTERIOR APPEARANCE

1. To maintain a uniform outward appearance of the building, Owners are limited to installing blinds or drapes with a white or off-white appearance when viewed from the outside. Other colors may be used provided they are lined on the back with a white or off-white lining or secondary shear. Nonconforming window coverings are subject to review by the Board and may be required to be removed or modified.

2. Patios and entrances to the Units are to be kept clean and free of debris. No unsightly conditions will be permitted. Items prohibited within patios and entrances include, but are not limited to, bikes, storage units and barbeques.

3. Heavy items shall not be attached to any railings. Items prohibited from railings include, but are not limited to, planters or other items that may fall.

4. No private property shall be stored or left in the Common Areas.

5. No signs or other advertising device, whatsoever, including without limitation, commercial, political or similar signs, shall be erected on the building or posted within windows, except as approved by the Board and allowed by the Declaration.

6. No exterior installation of any kind, including, but not limited to, radio poles, antennae, satellite dishes, flag poles, sun-shades, glass tinting (whether inside or outside the glass), clotheslines, air conditioning units, or other fixtures will be permitted to be affixed to the building exterior or otherwise made visible from the building exterior. Satellite dishes and other antennae are only allowed with Board approval and only where not visible from the street in areas on the roof specifically designated by the Board except as mandated to be permitted by Applicable Laws. The Owner shall be responsible for all wiring and installation costs for its satellite dish(es).

7. No storage units, wiring, water softeners, or other machines that are not part of the original building construction shall be permitted, nor shall they be allowed

to protrude through the walls or roofs of the building.

8. Any penetration into any wall, ceiling or floor may damage the building and utilities, structural components or acoustical properties of those assemblies. There shall be no wall ceiling or floor penetrations of any type.

9. All exterior and Common Area painting and caulking is the responsibility of the Association. If paint or caulking requires maintenance or repair, please report it to the property management company immediately.

FLOOR COVERING AND ACOUSTICAL RESTRICTIONS

1. No flooring work related to the installation of hardwood, stone, tile, or other hard surface flooring, is permitted except with written authorization in advance from the Board, in the Board's sole discretion. All such flooring work, if permitted by the Board, also must comply with the "Noise Insulation Standards" of the California Administrative Code (Title 24), and the Uniform Building Code (UBC).

LANDSCAPING

1. The Association employs a landscaping company whose duties are to maintain the landscaping and irrigation sprinklers. No Owner or resident may make any alterations or improvements to the Common Areas or remove or modify any Common Area planting, structure, irrigation, or other feature without the approval of the Board.

2. Any damage, removal or other destruction of landscaping by any Owner, resident or invitee shall be the financial responsibility of that Owner.

BARBEQUES

1. The use of outdoor barbeque grills is not permitted on the premises, except on the roof deck, if installed by the Declarant.

GENERAL RULES AND REGULATIONS

1. Owner's Responsibility – Each Owner is responsible for maintenance and repair of the interior of his/her Unit, including but not limited to doors, glass doors and windows, plumbing, electrical and heating system, television cable, phone, wiring, trim, flooring, window coverings, paint, caulking, cabinets, countertops, fixtures, and all appliances.

2. Units have plumbing drainage systems in common. You may be liable for plumbing overflow damages in adjacent Units if your Unit is the origin of a back-up or flood. To avoid plumbing clogs, do not put potato peels, carrot peels, onion peels, artichokes, asparagus, other fibrous materials, dirt (from container gardening etc.), feminine hygiene products, diapers, or any other similar matter down toilets or plumbing fixture drains. Your garbage disposal should only be used for appropriate food items and to the extent that composting is unavailable.

3. Patios, although designated for the exclusive use of the Owner, are Common Areas and are not to be altered, painted, enclosed, etc.

4. Destruction of Property – In case of a partial or total destruction of a Unit by the Owner (or such Owner's tenant, guest or invitee) thereof, the Owner shall, in such event, reconstruct it in an expeditious manner in accordance with the original plans and specifications or approved modifications thereof. As to the Common Areas, each Owner is liable to the Association and shall reimburse it for any expenditure incurred to replace/repair any item damaged by the Owner or by the Owner's tenants, guests, or invitees.

5. Bathtub jacuzzies or spas – In order to preserve the structural integrity of the project as a whole, and to facilitate quiet enjoyment by all occupants of the building, the installation of bathtub jacuzzies or spas is prohibited. Additionally, no hot tubs or similar devices shall be installed within any Unit or patio.

6. Waterbeds – Waterbeds and other similarly water-filled furniture are not allowed in any Unit.

7. Loitering – The hallways are designed for use by those residents who live on each individual hallway. Please do not allow anyone to play in hallways or wander around the building unescorted. If you see anyone in your hallway who does not belong, please contact the San Francisco Police Department immediately.

8. Solicitation – No advertising, pamphlets, or other printed solicitations of any kind shall be permitted to be distributed in the Common Areas, to residents' homes, in entranceways, halls, or elevator lobbies, except as approved by the Board. No soliciting, peddling, or door-to-door canvassing of any nature whatsoever shall be permitted in the building or at any place around the Development. Delivery of paid newspaper subscriptions and Association material is permitted.

9. Postings – Posting of signs/notices is permitted only at designated bulletin board locations. Postings must identify the name and Unit number of the poster and an expiration date. No obscene or offensive material shall be posted. Please post items in a neat and orderly manner. The property management company and or maintenance personnel will regularly dispose of expired or anonymously posted items.

10. In case of continued or flagrant violations of the Declaration or these Rules and Regulations, the Board may impose monetary penalties, suspend use of facilities, and/or seek legal remedies in court at the Owner's expense.

- END
